Our Service

We specialise in providing attractions to corporate events, fairgrounds and gala days. Due to the increased use of computerised planning systems and access to a large portfolio of Funfair equipment, we are able to utilise our services more effectively. This enables us to offer attractions at special prices for private parties, christenings, weddings and other small events where it is not normally practical to operate Funfair equipment.

In the Yorkshire, Lancashire, Nottinghamshire and North East of England areas we are able to provide special party packages, ideal for birthday or Christmas parties, we have provided rides to locations such as pubs, sports centres and individual houses. We also regularly attend weddings with our range of Candy Floss Stalls. Additionally due to our links within the industry we can cover events in most other parts of the U.K. so contact us for details.

Traditional Candy Floss Carts

We produce the candy floss fresh during your event, this 'spinning the floss' is part of the appeal of these traditional handcart style barrows. The candy floss is supplied as standard in bags, but it can be supplied in plastic tubs, this allows for the possibility of branding the tub, either with a corporate advertisement at a product launch or company fun day, or we now offer the option of personalizing the tub with the details of the bride and groom and wedding venue.

From October 2007, our candy floss will be made onlywith Fairtrade sugar.
